

# "THIS IS MY 30TH BIRTHDAY"

**MME. MAZINOVA**  
Mrs. Alla Mazinova, the distinguished Russian actress, who is now appearing in America, was born in Yalta, Crimea, on the Black Sea, May 22, 1879. When a child she was taken to Geneva, and there received her early education and learned to play the violin. At 13 she began the study of the drama in Odessa. The season after

her graduation she became the managing actress in a company playing at Kostroma, in the north part of Russia, enacting many parts in a single season. The season of 1906 was spent in Poland, where she played L'Aiglon, and in 1903 she was first seen in St. Petersburg, playing many important roles, including Zaza, Camille, Magda, Hedda Gabler and Trilby. Mme. Mazinova left Russia in 1904 and after appearing in Berlin and London she made her American debut in the fall of 1905 at the Criterion theater in New York.

## Thesps Will Play Baseball Today

As the result of several days of strenuous rehearsals, the baseball teams which will represent the Majestic and Iris theaters are ready for their struggle this afternoon, an all-star, three-ring affair, with peanuts and red lemonade thrown in. Manager Haldren finally consented to allow his baseball park on School hill to be abused by the thespians and the game will be played—or rather will take place there, beginning at 3 o'clock. There will be no admission fee and the school children are especially invited to attend and learn—by comparison—how a real baseball game is played.

It is rumored that from the showing several of the players have made in practice that the big league managers are after them—with a club—but this has not been verified. An effort is being made to secure a high-class umpire, but the subpoena had not been served at the hour of going to press.

## Don't Worries to Leave Sunday Morning

Tomorrow morning, at 6 o'clock, members of the Don't Worry club and invited guests will assemble at the Dominion hotel and as soon afterwards as possible, will set sail for Limburger rock, where they will hold their annual blowout.

Two things only are requested of those who take part in the affair. The committee in charge asks that there be no whiskey or shootin' irons on the grounds. Both can be easily dispensed with and the promoters feel that as there will be no snake bites to be treated and no riots to quell, they should be left behind.

The crowd will be made up strictly of Don't Worries and friends whom they have invited. A big bunch will take part in the affair and an even livelier time than usual is expected.

## Further Evidence Taken in Inquest Over John Columbo

**HEARING AGAIN CONTINUED TO THIS AFTERNOON FOR FURTHER TESTIMONY**

While a number of witnesses were examined by the coroner's jury yesterday, in the inquest over the remains of John Columbo, who died at the Old Dominion hospital Wednesday night as the result of a bullet wound inflicted by Deputy Marshal Bob Edwards, there is still some evidence unheeded and an adjournment was taken until 2 o'clock this afternoon.

After preliminary testimony by Dr. Kennedy and Fred Jones, Pearl Burton was placed on the stand. She testified to hearing a shot fired, while standing in front of a room on Pinal wash, the shot being followed by sounds of a scuffle during which she heard Edwards exclaim, "By God, you can't take my gun away from me." This remark was followed in a few seconds, by the sound of a second shot and in a few minutes Wallace, the proprietor of the saloon, was taken toward the jail by the officers. She corroborated the statement of E. H. Doty, to the effect that a woman of the tenderloin had told him that Bob Edwards was being killed and asked him to go to the saloon where the trouble was in progress.

Helen Peek also testified, but mainly regarding what happened after Columbo had been shot.

**Damaging Evidence.**  
Eli Bracovich told of visiting Columbo just after he was injured and talking with him. He claimed that Columbo stated that he did not grab Edwards' gun, but merely placed his hand on the officer and asked him to cease beating Wallace. He claimed that there were a number of persons in the room, including Dan Conetti, when this statement was made.

When the latter was placed on the stand he claimed that he heard only a part of the conversation, as he left the house shortly after the injured man arrived. Later he stated that he was in the house until the ambulance arrived, becoming very much confused when cross examined by the jury.

Bracovich also testified regarding the attempt of Assistant District Attorney Weinberger to secure an ante mortem statement from Columbo, his statements coinciding with those made by Weinberger Thursday.

**Clothes in Evidence.**  
The dead man's clothes were examined, the bullet holes being visible. A vest, which the dead man is said to have worn at the time of the shooting could not be found and the question of whether or not there were any powder burns on the clothing is as yet unsettled.

Today the wife of the dead man will testify and the jury will visit Wallace, who is confined to his bed as the result of the beating he received.
